Dear Mr. Woods,

Thank you for getting back to me. Attached is the form with section 1.4 to 1.15 filled out and also including updated Appendix B.

Regarding your 3<sup>rd</sup> question – it is correct, there will be 3 separate arrays, each with its own REC meter. Each of the system is 8MW-AC (total of 24MW). Since we have separate REC meters, each system will have it's own NEPOOL GIS Identification Number.

Please let me know if you have any further question.

Have a great weekend!

Dear Mr. Waldmann,

Thank you for providing the PUC with the completed Appendix D. From our information requests under the previous applicant, and based on the new ownership, we do have additional items that require additional information prior to completing our review.

1. Sections 1.4 through 1.15 provide contact names and information for the Primary Contact, Backup Contact, and Authorized Representative, as well as of the Owner and Operator under previous ownership. For this application, we will need these sections completed for this application. **← Please provide the corresponding information for these sections under new ownership for Sections 1.4 through 1.15.**

2. *Appendix B: Authorized Representative Certification for Non-Corporate Entities Other Than Individuals* is completed providing Frank Epps as the Authorized Representative. **← Please provide an updated and notarized Appendix B based on the Authorized Representative for this Generation Unit.**
3. The previous Owner of the Generation Unit had indicated that the segments were three, separate 3 MW AC arrays, each with its own meter. At this time, we asked for additional information confirming that these arrays would still be listed with a singular NEPOOL GIS Identification Number, or if a unique Identification Number would be provided for each segment. **← Please confirm if the segments will report under one NEPOOL GIS Identification Number or under three Identification Numbers.**

We appreciate your attention to these requests. Please do not hesitate to contact me directly if you have any questions. Otherwise, we look forward to receiving your responses shortly and completing our review. Please cc the [RES.Filings@puc.ri.gov](mailto:RES.Filings@puc.ri.gov) mailing list with any response.

Sincerely,  
Michael Woods
