PUBLIC UTILITIES COMMISSION

IN RE: PETITION OF LINCOLN WATER COMMISSION :
FOR NON-REGULATORY REQUEST FOR APPROVAL :
OF WATER MAIN EXTENSION OUTSIDE SERVICE : DOCKET NO. 4919
AREA TO ANCHOR AUTO GROUP/BENOIT :
REALTY, LLC, PREMISES, NORTH SMITHFIELD, RI :

PUBLIC UTILITIES COMMISSION'S FIRST SET OF DATA REQUESTS DIRECTED TO
LINCOLN WATER COMMISSION

(Issued January 22, 2019)

(Responses due on or before February 12, 2019)

- 1-1. Please confirm that the proposal is to provide a direct connection from Lincoln Water Commission to the single customer, Anchor Auto Group/Benoit Realty, LLC.

Response: Regarding the request from Anchor Auto Group to the Lincoln Water Commission for water service, the proposal is to provide a direct connection to a single customer located at a single address in North Smithfield. The project calls for an eight inch diameter pipe to be installed from the end of the Town of Lincoln's Public Water Supply main on Sayles Hill Road directly to the existing Anchor Auto Group facility in North Smithfield.

- 1-2. The map attached to the Petition shows other buildings and housing developments along the proposed route of the water main extension. Does Lincoln Water intend to also serve these customers now or in the next ten (10) years off of this main? If so, please provide the number of potential customers and approximate aggregate usage.

Response: The Lincoln Water Commission has only evaluated Anchor Auto Group's request for water service. Any other requests for service would be evaluated on a case by case basis. The Commission would consider provision of water service to additional customers in North Smithfield as long as aggregate usage were below the PUC's approved de minimus amount.
