MIDD 1-22: [Ref. – Testimony Page 11, lines 1-3, and Exhibit 1]. Please provide a copy of the 5-year update of its infrastructure Replacement Plan (IRP) that Newport Water submitted to the RIDOH in 2015. How specifically was “This IRP” used “to develop Exhibit 1?” Include in your explanation any changes in circumstances, or any changes in legal/regulatory requirements since 2015 that caused you to not follow the 2015 5-year update.

Response: A copy of the 2015 Infrastructure Replacement Plan (IRP) is attached. The 2015 IRP was used as guide for the water infrastructure improvement elements in the development of the FY2020-2024 capital improvement plan (CIP) included as Exhibit 1 to my direct testimony. Also considered in the planning/development of the CIP was the RIDEM NOV received regarding the Newport Water owned dams, the current needs of the Water Utility, and the funds available for projects. The IRP lists a recommended project schedule. It does not set forth a mandatory list to follow. Circumstances that contribute to any deviation from the recommended schedule include lack of funding.
