response to the application review consultant's request for said information from May 11, 2019 through November 1, 2019; and

WHEREAS, Said supplemental and clarifying information included: a) clarification regarding the Commercial Operation Date of the Generation Unit, b) clarification regarding the Generation Unit's Grid-Connected status, and c) a completed *Appendix D: Special Provisions for Aggregators of Customer-sited or Off-grid Generation Facilities*; and

WHEREAS, After examination, the PUC is of the opinion that the application is proper, reasonable, and in compliance with the Rules and hereby grants the Company certification as an eligible renewable energy resource pursuant to R.I. Gen. Laws § 39-26-1; and

WHEREAS, As a Grid-Connected, virtual net-metered facility, sufficient documentation was included in the application to confirm the independence of the verifier, the PUC hereby approves Narragansett Electric Company d/b/a National Grid as an independent verifier; and

WHEREAS, The PUC's determination in this docket is based on the information submitted by the Company and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is hereby

(23727) ORDERED:

1) The GD West Greenwich Victory I, LLC Generation Unit meets the requirements for eligibility as a New, Solar Renewable Energy Resource with its 1.75

MW AC, Grid-Connected virtual net metered Generation Unit having a Commercial Operation Date not yet reached and located within the NEPOOL control area in West Greenwich, Rhode Island.

2) The Company provide the PUC with written documentation verifying Commercial Operation and that the Company provide evidence of the Generation Unit's NEPOOL GIS Asset Identification Number designation, when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date, PUC staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number for the Company's Generation Unit.

4) The facility's Renewable Energy Certificates (RECs) become Rhode Island-eligible effective on the first day which the Rhode Island certification number is issued. All RECs associated with the production of eligible energy that are minted on or after the Effective Date are eligible for the Renewable Energy Standard.

5) Narragansett Electric Company d/b/a National Grid meets the requirements for approval as a Rhode Island Independent Verifier.

6) Although the PUC will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting at its behest, to conduct audits or site visits to assist in verification of

continued eligibility for and compliance with Rhode Island Renewable Energy Standard Certification at any time at the PUC's discretion.

7) The Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON NOVEMBER 22, 2019  
PURSUANT TO AN OPEN MEETING DECISION. WRITTEN ORDER ISSUED
