Subject : National Grid BTU Content Factor Update

On October 21, 2019, National Grid filed its Semi-Annual BTU content update in accordance with Section 1, Schedule B, Sheet 1 of its tariff. The Division reviewed the filing, including randomly checking several mathematical calculations and found no errors. The Division recommends approval of the change in the Btu conversion factor from 1.027 to 1.030 effective November 1, 2019.
