**RE: National Grid's Proposed FY 2022 Gas Infrastructure, Safety, and Reliability Plan  
Docket No. 5099  
Update to Gas ISR FY2022 Plan**

Dear Ms. Massaro:

In its FY 2022 Gas ISR Filing dated December 18, 2020, National Grid<sup>1</sup> indicated that National Grid USA would file its consolidated Fiscal Year 2020 tax return in December 2020 and determine whether it would be necessary to supplement its filing with a revised revenue requirement. National Grid USA filed its consolidated FY 2020 federal income tax return in December 2020. The Company has confirmed that the FY 2020 tax estimates included in the revenue requirement as filed in its FY 2022 Gas Infrastructure, Safety, and Reliability Plan on December 18, 2020 are consistent with the information reported to the IRS in National Grid USA's FY 2020 federal tax return. Therefore, no revision to the FY 2022 revenue requirement is required.

Thank you for your attention to this matter. If you have any questions, please contact me at 781-907-2121.

Very truly yours,

Raquel J. Webster
