**IN RE: APPLICATION FOR CERTIFICATION AS : DOCKET NO. 5107
ELIGIBLE RENEWABLE ENERGY RESOURCE :
FILED BY VIKON SOLAR, LLC - NEW GENERATION :**

ORDER

On January 20, 2021, Vikon Solar, LLC¹ (Company) filed with the Rhode Island Public Utilities Commission (PUC) an application seeking certification for its Vikon Solar Generation Unit, a 0.300 MW AC (0.380 MW DC) solar energy Generation Unit located in Lincoln, Rhode Island, as an eligible New Renewable Energy Resource in accordance with the PUC's Rules and Regulations Governing the Implementation of a Renewable Energy Standard (Rules) and R.I. Gen. Laws § 39-26-1.

Supplemental and clarifying information was provided to PUC staff and their application review consultant on February 20, 2021 in response to the application review consultant's request for said information on February 11, 2021. The supplemental and clarifying information included: a) confirmation of listed owner name as Vikon Solar, LLC, b) anticipated Commercial Operation Date of the Generation Unit, and c) verification of GIS coordinates for location of Generation Unit.

After examination, the PUC is of the opinion that the application is proper, reasonable, and in compliance with the Rules and hereby grants the Company certification as an eligible renewable energy resource pursuant to R.I. Gen. Laws § 39-26-1.² The PUC's determination in this docket is based on the information submitted by the Company

¹ The authorized representative was identified as Francis Pettepit, inFEWision, LLC, 18 Maple Street, Suite 240, Barrington, RI 02806. Phone: (508) 395-4104. Email: fpettepit@infewision.com.

² Pursuant to Section 2.6 and other relevant Sections of the Rules, a thirty-day period for public comment was provided during which time no such comments were received.

and the PUC may reverse its ruling or revoke the Company's certification if any material information provided by the Company proves to be false or misleading.

Accordingly, it is hereby

(24015) ORDERED:

1) The Vikon Solar Generation Unit meets the requirements for eligibility as a New, Solar Renewable Energy Resource with its 0.300 MW AC (0.380 MW DC), Grid-Connected Generation Unit having a Commercial Operation Date not yet achieved and located within the NEPOOL control area in Lincoln, Rhode Island.

2) As a Generation Unit which has not yet achieved Commercial Operation, eligibility is granted with a conditional requirement that the Company provide the PUC with written documentation verifying Commercial Operation along with evidence of the Generation Unit's NEPOOL GIS Asset Identification Number designation when assigned by NEPOOL following achievement of Commercial Operation.

3) Following receipt from the Company of acceptable written documentation supporting the Generation Unit's Commercial Operation Date, and GIS Number, PUC staff is hereby authorized to assign a unique Rhode Island Public Utilities Commission Eligible Renewable Energy Resource Facility Certification Number for the Company's Generation Unit.

4) The facility's Renewable Energy Certificates (RECs) become Rhode Island-eligible effective on the first day when the Rhode Island certification number is issued. All RECs associated with the production of eligible energy that are minted on or after the Effective Date are eligible for the Renewable Energy Standard.

5) Although the PUC will rely upon the NEPOOL GIS for verification of production of energy from the Company's Generation Unit certified as eligible in this Order, the Company will provide information and access as necessary to the PUC, or persons acting on its behalf, to conduct audits or site visits to assist in verification of continued eligibility for and compliance with Rhode Island Renewable Energy Standard Certification at any time, at the PUC's discretion.

6) The Company shall notify the PUC in the event of a change in the facility's eligibility status.

EFFECTIVE AT WARWICK, RHODE ISLAND ON MARCH 19, 2021
PURSUANT TO AN OPEN MEETING DECISION. WRITTEN ORDER ISSUED
APRIL 5, 2021.
