Division 1-5 (f) Supplemental

Request:

Provide a detailed timeline of the emergency response beginning with the first meeting or conference associated with the start of the storm planning process to restoration of the last customer affected by Hurricane Irene. For each day preceding and during Hurricane Irene, provide:

- f. Total Customers out of power, customers restored, critical facilities and life support customers affected. Indicate the date and time of the first and last Hurricane Irene related outage.

Response:

The critical facilities and life support customer data has been reviewed and revised as follows to eliminate duplicates:

During the storm, 1,487 (out of 2,469) critical facilities and 531 (out of 750) life support customers were affected. A day by day view of critical facility and life support customer interruptions is shown in the table below:
