Marcy Punter
Prudence Island
P.I. 02872

To DPK and Carrivios

I am a 87 year resident of Prudence Island P.I. and since I will not be able to attend your Oct 24 2013 meeting I want to inform you that I very much support the current Prudence ferry service and its crew and wish it to continue operating as our provider

In all its years of reliable and considered service it has run in all kinds of weather and in new established

We are mostly a summer resort

⁻¹⁻
business drops way down as winter approaches thru two ferries could not survive.

It's not fair that a few people say they speak for the islanders when most of them have left for the winter.

Thanks for your consideration

Sincerely,

Marcy Punter
