1		NARRAGANSETT BAY COMMISSION						
2 PRE-FILED DIRECT TESTIMONY								
3		OF KAREN L. GIEBINK						
4								
5	Q.	Please state your name and address.						
6 7	A.	Karen L. Giebink. My business address is the Narragansett Bay Commission, One Service Road, Providence, Rhode Island 02905.						
8	Q.	For whom are you employed and what is your position?						
9 10	A.	I am employed by the Narragansett Bay Commission (NBC) as its Director of Administration and Finance.						
11	Q.	For how long have you been so employed?						
12 13 14 15	A.	I have been employed in this position since April 1997. I began my employment with the NBC in 1989 and have held the positions of Policy Associate and Senior Environmental Planner. The three years prior to my employment with the NBC I worked as an analyst for the City of San Diego Water Utilities Department.						
16								
17	Q.	Have you previously testified before the Division of Public Utilities and Carriers (Division)?						
18 19 20	A.	Yes. I provided testimony in previous NBC requests for approval to enter into long-term debt. I have also provided testimony in dockets 1968, 2216, 3651, 3797, 3905, 4305, and 4478 before the Public Utilities Commission (PUC).						
21								
22	Q.	What is the purpose of your testimony?						
23	A.	To provide supplemental information regarding NBC's request.						
24								
25	Q.	What is the NBC requesting from the Division?						
26 27 28 29 30	A.	The NBC is requesting Division approval to enter into long-term debt and issue revenue bonds for an amount not to exceed \$23,000,000 million that will be used to support borrowings from the Rhode Island Infrastructure Bank (the "RIIB") which was formally known as the Rhode Island Clean Water Finance Agency. The loan proceeds will be used to fund NBC's capital improvement program.						

Q. Has the Division approved other loans to NBC from RIIB?

2 A. Yes. The Division has approved numerous applications from NBC to enter into long-term debt
3 and effectuate borrowings through the RIIB. Subsequent to these approvals, the NBC has
4 borrowed a total of \$595,673,209 from the RIIB.

6 Q. Are there any differences in the structure of this loan compared to prior loans?

A. This loan is similar in structure to nearly all of the loans through the SRF program, and will be structured with a traditional 20 year amortization. NBC anticipates that this loan will be at the traditional subsidy of 1/3 of the market rate and there are no principal forgiveness components to this loan.

A.

Q. What projects does the NBC plan on funding with the proceeds of this loan?

The loan proceeds will be used for a number of capital projects including: design of the CSO Phase III Facilities, Improvements to the Field's Point Wastewater Treatment Facility Final Clarifiers, the Moshassuck Valley Interceptor Replacement, Bucklin Point Wastewater Treatment Facility Flood Protection, the Blackstone Valley Interceptor (BVI) Interceptor Easements and Phase II of the Field's Point Wastewater Treatment Facility Blower Improvements. Funds may also be used to finance NBC Interceptor Easements and Improvements to CSO Interceptors and other studies. All projects are included on the RI DEM's 2016 Project Priority List. In addition, proceeds will be used to pay RIIB fees and bond issuance costs.

Α.

Q. Does NBC have sufficient coverage for this bond issuance?

No. NBC's existing rates do not generate sufficient revenues to meet the debt service and debt service coverage requirements associated with this borrowing. NBC has filed an application with the Rhode Island Public Utilities Commission (PUC) for new rates effective July 1, 2016 that will ensure sufficient revenues to meet NBC's coverage requirements. Sufficient coverage is achieved with the proposed revenue requirement as filed (see Exhibit KG-1). The PUC hearing is

scheduled for April 4, 2016. Therefore NBC is requesting Division approval subject to the PUC's approval of NBC's tariff filing.

4 Q. Other than approval from the Division, has the NBC met all of the requirements needed to close on this loan?

A. Yes. In response to a request from the RIIB, NBC submitted the original loan application to the RIIB for the traditional annual borrowing on April 2, 2015. NBC's Board of Commissioners passed the Authorizing Resolution for the borrowing of an amount not to exceed \$36,000,000 at their December 15, 2015 Board meeting (See Exhibit KG-2). NBC received a commitment letter from the RIIB dated January 15, 2016 indicating that that the NBC's loan request was approved by the Board of Directors of the Rhode Island Infrastructure Bank (see Exhibit KG-3). The RIIB has indicated that NBC will not be required to complete a credit review prior to the issuance of the Bonds.

A.

Q. Why is the proposed borrowing less than the RIIB approved amount?

NBC submitted its loan application nearly a year ago on April 2, 2015 which was prior to the completion of the revaluation of the CSO Phase III program and the selection of an alternative. The selected alternative for Phase III of the CSO program will be completed over a longer period of time and therefore the program's costs have shifted outward. Based upon the updated cash draw schedules, the demonstrated need for the 24 months following the debt issuance was lower, reducing the amount of NBC's loan request to \$23 million.

Q. Has NBC included the anticipated loan agreements as part of this application?

A. Yes. NBC has included draft loan agreements which are representative of the loan agreements that will be executed as part of this transaction; however, additional review will take place prior to the closing of the loans.

1	Q.	Does the proposed transaction have any unusual features which may have significant impact
2		on the Division's ability to regulate the utility?
3	A.	No it does not.

5 Q Does this conclude your pre-filed testimony?

6 A. Yes.

8. If the Bonds or Notes are issued on a tax-exempt basis, the Commission

agrees to take all lawful action necessary to ensure that the interest on the Bonds and

Notes will remain exempt from federal income taxation to the extent provided in Section

103 of the Internal Revenue Code of 1986, as amended, and it agrees not to take any

The Revenue Bond shall be substantially in the form of <u>Exhibit C</u> hereto.

1.3. To fund all or a portion of the Loan, and other loans made to the Borrower or other borrowers, the Bank shall issue its Water Pollution Control Revolving Fund Revenue Bonds, Series 2016A (Pooled Loan Issue) (the "Bank Bonds") in one or more series, from time to time, under and pursuant to an Indenture of Trust (the "Indenture of Trust"), dated as of February 15, 1992, between the Bank and U.S. Bank National Association, (successor to State Street Bank and Trust Company successor to Rhode Island Hospital Trust National Bank), as Trustee (the "Trustee") as supplemented by a First Supplemental Indenture dated as of February 15, 1993, a Second Supplemental Indenture dated as of June 1, 1994, a Third Supplemental Indenture dated as of December 20, 1995, a Fourth Supplemental Indenture dated as of March 1, 1997, a Fifth Supplemental Indenture dated as of January 1, 1999, a Sixth Supplemental Indenture dated as of January 1, 1999, a Seventh Supplemental Indenture dated as of August 1, 1999, an Eighth Supplemental Indenture dated as of October 1, 2000, a Ninth Supplemental Indenture dated as of April 1, 2002, a Tenth Supplemental Indenture dated as of October 1, 2002, an Eleventh Supplemental Indenture dated as of May 1, 2003, a Twelfth Supplemental Indenture dated as of November 1, 2003, a Thirteenth Supplemental Indenture dated as of December 1, 2004, a Fourteenth Supplemental Indenture dated as of December 1, 2004, a Fifteenth Supplemental Indenture dated as of December 15, 2005, a Sixteenth Supplemental Indenture

The Revenue Bond and this Agreement will be pledged and assigned to the Trustee as security for the Bank Bonds. If for any reason the Bank Bonds are not issued on or before May ___, 2016, the Borrower may by written notice delivered to the Bank cancel its obligation to borrow funds, accept the Loan or issue the Revenue Bond hereunder, except to the extent that it may have already done so.

1.4. A portion of the proceeds of the Bank Bonds and other funds of the Bank equal to the principal amount of the Loan, less, in each case, a loan closing fee (the "Loan Closing Fee") equal to (i) the Borrower's cost of issuance with respect to the issuance of the Revenue Bond plus (ii) one percent of the Loan, will be deposited in an account or accounts for the benefit of the Borrower in the Construction Proceeds Fund held by the Trustee under the Indenture (which Fund and accounts may be referred to in certain other documents collectively as the "Construction Proceeds Investment Fund"). Such deposit or deposits, together with the Loan

Closing Fee, shall constitute the Loan. The Bank, in its sole discretion, shall determine which funds available to the Bank shall be allocated to the Loan.

ARTICLE II THE REVENUE BOND

- 2.1. Payment of principal and interest shall be made by the Borrower as stated in Exhibit G attached hereto. The Subsidized Interest Rate is calculated based on a 33 1/3% interest subsidy from the Borrower's Market Rate. The Borrower will be obligated by the Revenue Bond to pay the Market Rate stated thereon but will be billed only for the Subsidized Interest Rate, except in special circumstances as set forth below in Article III. The Borrower shall also pay to the Bank a loan servicing fee (the "Loan Servicing Fee") in the amount of one-half of one percent of the aggregate amounts disbursed prior to such date less aggregate prior principal payments by the Borrower (the "Outstanding Disbursements") as stated in Exhibit F. The Bank's Loan Servicing Fee may be adjusted from time to time subject to the Bank Indenture, but no such adjustment shall have any effect on either the Subsidized Interest Rate or the Market Rate on the Revenue Bond.
- 2.2. Interest will be charged only on the amount of the Loan proceeds which has been disbursed or deemed disbursed to the Borrower and is to be calculated on the basis of a 360-day year of twelve thirty-day months. That portion of the Loan which is applicable to the Loan Closing Fee shall be deemed to be disbursed to the Borrower as of the delivery of the Bank Bonds; the balance of the Loan will be deemed disbursed to the Borrower when the Trustee shall have transferred money for the Borrower's account out of the Construction Proceeds Fund to the Bank in response to a Borrower's requisition made in accordance with Article VI hereof. The Bank shall furnish to the Borrower a monthly statement of Loan activity showing all amounts

which have been disbursed or deemed disbursed pursuant to the terms of this Agreement. Notwithstanding the foregoing, in the event that the Borrower fails, for any reason whatsoever, to draw funds from the Construction Proceeds Fund to pay costs of its Project in accordance with the construction draw schedule provided by the Borrower to the Bank at the time of the making of the Loan, the Borrower shall pay to the Bank, as billed, all amounts reasonably incurred by the Bank on account of such failure to draw such funds in accordance with its established construction draw schedule, provided, however, in no event shall the amount billed exceed the amount the Borrower would have paid in interest at the Subsidized Interest Rate as defined in Section 2.1 herein on the Loan had the Borrower drawn the funds in accordance with its established construction draw schedule; and further provided that the Borrower will not be billed in the event that the Borrower draws funds more quickly than set forth in the construction draw schedule.

- 2.3. Annual payments by the Borrower of the principal of the Loan will be made in accordance with the terms of the Revenue Bond. Principal payments will begin within one year after the estimated date of completion of construction of the Project as identified in the Project description in Exhibit A or in the case of a project completed prior to the issuance of the Revenue Bond, within one year after the Revenue Bond is issued. Principal payments will be made annually on September 1 and the schedule of payments will be as shown in the form of the Revenue Bond. The initial scheduled completion date for the Project is stated in Exhibit A. In no event shall such annual payments commence later than five (5) years from the time that a disbursement to the Borrower is first made.
 - 2.4. Interest shall be paid by the Borrower semi-annually each March 1 and September

1 commencing not later than nine months after the date of the Revenue Bond. To the extent that the Revenue Bond is in the form of bond anticipation notes, interest shall be paid at the maturity of each bond anticipation note and may be paid from Loan proceeds as represented by the principal amount of the Revenue Bond (which may be in the form of one or more additional bond anticipation notes) issued to refund or renew such bond anticipation notes.

2.5. The annual installments of principal and interest on the Loan shall be arranged so that the last payment of principal and interest is no later than twenty (20) years from the scheduled completion date of the Project as estimated at the time the Loan is made. If any portion of the Project which is separately identified on Exhibit A is not commenced or if, having been commenced, is abandoned or completed without the full amount of the Loan applicable thereto having been disbursed, as of the scheduled completion date set forth in Exhibit A hereto, the balance of the undisbursed proceeds applicable to such portion shall be deemed disbursed as of such date and the Borrower shall be responsible for the payment of interest thereon. Notwithstanding that such balance is deemed disbursed, it shall be retained by the Trustee and held under the Indenture in a separate account for the benefit of the Borrower and the balance and all earnings thereon shall be applied in accordance with the terms of the Indenture. The Borrower shall be responsible for any shortfall in the earnings on the investment of such funds as compared to the interest due on the respective Bank Bonds and the Borrower shall receive credit against principal or interest requirements on the Revenue Bond for payments of principal or interest on the Bank Bonds from the principal of or interest earnings on, respectively, such invested funds. If, in accordance with the terms of the Indenture, such undisbursed balance is available to make loans to other borrowers, such balance shall not be deemed to be disbursed, but the obligation of the Bank to make disbursements in that amount and the obligation of the Borrower to repay the Loan in that amount shall lapse and be without effect. In the case of such a lapse, the Bank shall re-compute the initial and adjusted annual debt service installments of each Loan to reflect the amount of proceeds actually disbursed to the Borrower, if less than the full principal amount of the Loan, and to make the appropriate notations on the Revenue Bond or otherwise in the records of the Bank, provided that failure to make such a notation or any error made in such a notation with respect to any Loan shall not limit the Borrower's payment obligations under this Agreement and the Revenue Bond. Such re-computation shall be as a prorata reduction of the debt service on the Revenue Bond. The Bank shall use its best efforts, consistent with the requirements of the Act, to identify other borrowers and to use the aforesaid undisbursed balance for the purpose of making other loans to such other borrowers.

- 2.6. A Loan may be prepaid by the Borrower at any time with the consent of the Bank but in giving such consent the Bank may require a prepayment penalty based on the cost of reinvesting the prepayment, the cost of prepaying outstanding bonds of the Bank or any other negative financial impact reasonably determined by the Bank.
- 2.7. The Revenue Bond, when delivered to the Bank shall be in fully marketable form accompanied by documentation in form and substance satisfactory to the Bank including an opinion of nationally recognized bond counsel acceptable to the Bank as to the valid authorization, execution, delivery and enforceability of the Revenue Bond and this Agreement. Said opinion shall include an opinion that interest on the Revenue Bond is not included in gross income for federal income taxation purposes and interest on the Revenue Bond is not a specific preference item for purposes of the federal individual or corporate alternative minimum taxes,

although such interest is included in adjusted current earnings when calculating corporate alternative minimum taxable income. The Bank and the Borrower agree to comply with Rule 15c-2-12 of the Securities and Exchange Commission and any other applicable securities laws, if applicable.

ARTICLE III

LOCAL INTEREST SUBSIDY TRUST

3.1. The Bank has caused there to be created under the Indenture a fund known as the Local Interest Subsidy Trust Fund (the "LIST"), which is pledged as security for the Bank Bonds and which the Bank will use to pay the difference between the interest rate on Bank Bonds and the Subsidized Interest Rate for the Borrower and other borrowers. Pursuant to the Indenture, certain amounts in the LIST are allocated to the Borrower and other borrowers, although such allocation does not make such amount a part of the Loan or of the loans to other borrowers. If the Borrower or other borrowers should default in the timely payment of debt service on the Loan or on the loans made to such other borrowers, the LIST may be wholly or partially depleted and, in addition, the LIST may not generate sufficient income to pay the difference between the stated interest rate and the Subsidized Interest Rate. In the event of a default in payment by the Borrower or any other borrowers, the Bank may restore the LIST and cover its debt service obligations on the Bank Bonds by requiring the defaulting Borrower and/or other borrowers to pay up to the full stated interest rate on the Revenue Bonds or bonds or notes representing the Loan or loans on which default has occurred until all accounts in the LIST are restored. The Indenture requires that certain LIST accounts not allocated to any borrower be exhausted first and that the LIST account allocated to the defaulting borrowers be exhausted second and that the

accounts of the other borrowers then be charged on a pro-rata basis. If the payment default by any other borrowers continues beyond the point that the LIST account of the defaulting borrowers is exhausted (or will be exhausted as of the next payment of debt service on the Bank Bonds), the Borrower and other borrowers, each of whom is not in default, may be required to pay up to the full stated interest rate on the Revenue Bond or, in the case of other borrowers, on the notes representing loans to them. Such charge shall never affect the amount of Loan proceeds which may be disbursed pursuant to Article VII, nor shall it affect the amount of principal which must be repaid on the Revenue Bond. The only effect shall be a requirement that the Borrower pay interest in excess of the Subsidized Interest Rate, but not in excess of the full interest rate stated on the Revenue Bond. Such requirement shall be prospective only and shall apply to payments of interest due after the Bank has given written notice to the Borrower of the circumstances which have caused such requirement to occur.

3.2. At such time as the default in payment referred to in paragraph 3.1. is cured or, through payment of the full stated interest rate the LIST is restored, the Bank shall again bill the Borrower only at the Subsidized Interest Rate. The Bank shall not be required to reimburse or credit the Borrower for any increase paid pursuant to this Article.

The obligation of the Borrower to pay the full stated interest rate upon the occurrence of the events stated in this Article does not constitute, and shall not be deemed to constitute for any purpose, a guarantee by the Borrower of the debt of any other person, or indemnification of the Bank or a penalty of any kind or nature. Such obligation constitutes solely a matching of funds available to the Bank for interest rate subsidies to the interest rate requirement on the Bank Bonds.

ARTICLE IV

PLEDGE AND DEFAULT

- 4.1. In accordance with the Narragansett Bay Commission Trust Indenture, incorporated herein as Exhibit B, the Revenue Bonds shall be general obligations of the Borrower and the full faith and credit of the Borrower are pledged for the payment of the Principal Amount and Redemption Price and interest in the Revenue Bonds, subject to the provisions of the Narragansett Bay Commission Trust Indenture.
- 4.2 At any time, any Bank funds payable to the Borrower may be set off against and applied in payment of any obligations that are due hereunder. In the event of a default in the prompt and full payment when due of any installment of principal of or interest on a Revenue Bond issued under this Agreement, any Bank funds payable to the Borrower for the Project may be held and treated as collateral security for the payment of the obligations hereunder. Any such funds applied or held shall be treated as additional principal advances under the Loan. In the event of set off, the Bank shall notify the Borrower of said set off and said funds will be applied to the annual payment due.
- 4.3 No delay or omission on the part of the Bank in exercising any right under the Revenue Bond or hereunder shall operate as a waiver of such right or of any other right under the Revenue Bond or hereunder. A waiver on any one occasion shall not be construed as a bar to or waiver of any right or remedy on any future occasion.
- 4.4 The Borrower will pay all reasonable costs of collection, legal expenses, and attorney's fees incurred or paid by the Bank in collecting or enforcing the Revenue Bond, this Agreement or any Loan made hereunder on default, except to the extent that a court of

competent jurisdiction has determined that such costs, expenses and fees were not reasonably incurred.

- 4.5 If any payment due from the Borrower to the Bank shall not be paid in full when and as due, and provided that the Bank shall have given the Borrower written notice of or a bill for such payment not earlier than 45 days and not later than 30 days before the same is due, additional interest charges shall be made as a late payment fee which will be charged to the Borrower and due to the Bank. The late payment fee shall be five percent of the amount of the payment or portion thereof, which is late and will be charged every fifteen days, until the payment in question is received, or such lesser amount as shall be the maximum additional interest permitted by state law. The late payment fee shall not constitute a penalty or liquidated damages but shall constitute interest due on the Revenue Bond and is intended to compensate the Bank for the costs and expenses incurred by it on account of each late payment, including but not limited to interest costs and accounting expenses.
- 4.6 This Agreement shall constitute a loan agreement within the meaning of Section 46-25-59(b) of the Borrower Act. All money received pursuant to the issuance of the Revenue Bond and as revenues, receipts and income shall be trust funds within the meaning of Section 46-25-61 of the Borrower Act.

ARTICLE V

REPRESENTATIONS AND WARRANTIES

- 5.1. The Borrower, in consideration for the making of the Loan by the Bank, represents and warrants as follows:
 - (i) it is a public corporation and is a "local government unit" of the state of

Rhode Island as defined in the Act;

- (ii) it is authorized to enter into this Agreement, to obtain the Loan and to issue the Revenue Bond and to undertake the Project;
- (iii) at the time of or prior to the first disbursement hereunder, the Revenue Bond has been approved by the division of public utilities, as required by Section 46-25-58(m) of the Borrower Act;
- (iv) the public utilities commission has approved sewer user fees, charges, rates or assessments which will be sufficient to meet the rate covenant contained in the Borrower Trust Indenture, as projected by the Borrower for the next five fiscal years;
- (v) the Loan, the Revenue Bond, Agreement, and the Narragansett Bay Commission Trust Indenture have each been duly authorized by the Borrower and, when delivered at or prior to the time the Loan is made, will constitute valid and binding obligations, enforceable in accordance with their terms;
- (vi) there is no fact that the Borrower has not disclosed to the Bank that materially adversely affects the properties, activities, financial condition or economic outlook of the Borrower or its ability to undertake the Project or repay the Loan;
- (vii) there is no litigation or other proceedings, pending or threatened, against or affecting the Borrower, in any court or before any government agency that, if decided adversely to the Borrower, would materially adversely affect the properties, activities, financial condition or economic outlook of the Borrower or its ability to undertake the Project or repay the Loan;

- (viii) the Borrower, having made reasonable investigation, represents that it has not taken any action (or failed to take any action) that would: (1) cause the interest payable
- on the Revenue Bond to be includable in gross income for Federal income tax purposes under the Internal Revenue Code of 1986 (the "Code"); or (2) cause the Revenue Bond to be a "private activity bond," as defined in Section 141 of the Code.
- 5.2. The Borrower shall confirm, as of the date of each construction disbursement made hereunder, the representations and warranties contained in Section 5.1 and in addition at the time of each construction disbursement shall represent and warrant as follows:
 - (i) it is in compliance in all material respects with all laws, ordinances, rules and regulations affecting or relating to the Project;
 - (ii) it has used all previously disbursed Loan proceeds and will use all Loan proceeds to be disbursed to pay a portion of the costs of the Project or to reimburse itself for costs of the Project which it has paid and which have not been the subject of any prior disbursement;
 - (iii) it is not in material default hereunder, or under the Revenue Bond;
 - (iv) the extent, if any, to which all representations and covenants made in any certificate furnished in connection with the delivery of the Revenue Bond, including certificates relating to disclosure of material information in connection with the sale of Bank Bonds and to the tax-exempt nature of interest on the Revenue Bond, are no longer true and correct.

ARTICLE VI

DISBURSEMENT

- 6.1. After the Loan is made pursuant to Section 1.4 of this Agreement, construction progress payments and reimbursements will be made to the Borrower or on its order from the Construction Proceeds Fund held under the Indenture. Payments and reimbursements will be made only on account of those portions of the Project, as identified in Exhibit A, for which the Borrower has received and filed with the Bank a Certificate of Approval from DEM.
- 6.2. No more frequently than bi-weekly, Borrower may submit to the Bank a requisition, in the form set forth in Exhibit J, for payment from the Construction Proceeds Fund held under the Indenture. Such requisition shall be accompanied by vendor, contractor or supplier invoices, or such other documentation as the Bank shall require, showing that each payee, the purpose and the aggregate amount of payments is within the project definition, all applicable DEM qualifications and approvals and the total amount of the Loan. In the case of a requisition for the reimbursement of project costs paid in the first instance by the Borrower, the requisition shall additionally state that such costs have not been the subject of any prior requisition and are within all applicable guidelines for reimbursement financing.
- 6.3. Except as provided below, when the Bank has reviewed any requisition and found it to be complete and proper, or has, in its sole discretion, waived any non-compliance, the Bank shall cause the Trustee under the Indenture to transfer the amount of such requisition to the Bank for the Borrower's account therewith. The Bank review of any requisition shall be completed within five (5) business days of its receipt. Upon receipt of such transfer and in any case within five (5) business days thereof, the Bank shall issue its wire, check, or checks to or on the order of the Borrower, in each case, for payment as specified in the requisition. The Bank shall establish

procedures and shall use its best efforts to assure that the Trustee establishes procedures which will cause each duly submitted requisition to be paid within thirty days of its receipt by the Bank. If at the time of any requisition any of the following shall be true:

- (i) there shall then be a continuing Event of Default hereunder;
- (ii) the Bank shall have been notified by DEM that disbursement of the Loan should be suspended as a result of conditions found during a DEM review or inspection of the Project, or any components thereof; or
 - (iii) if the representations and warranties contained in Section 5.1 and Section 5.2

shall not be true and correct in all material respects as of the date of the requisition; then the Bank shall have sole discretion as to whether to cause the Trustee to make such transfer and to issue any such check, as aforesaid. If the Bank has not previously been furnished with a copy of the DEM Certificate of Approval for the portion of the Project to which the requisition relates and for such portion's inclusion in the Bank's loan program, no requisition shall be approved.

6.4. Notwithstanding Section 1.3 hereof, prior to the time that the proceeds of Bank Bonds are available to the Bank to make disbursements to the Borrower, the Bank may, subject to its discretion and the availability of funds, make disbursements to the Borrower as provided in this Article VI, whereupon all of this Agreement shall be in full force and effect with respect to such disbursement as if Bank Bonds had been issued. Section 1.3 shall continue to apply with respect to the undisbursed balance of the Loan and the exercise of discretion by the Bank to make any disbursement prior to the issuance of Bank Bonds shall not operate to require it to make any subsequent disbursement.

ARTICLE VII

EVENTS OF DEFAULT

- 7.1. In the event that: (i) the Borrower shall fail to make any payment of the principal of, the premium, if any, and interest on all or a portion of the Loan when and as the same shall become due and payable, in accordance with the terms hereof; or (ii) an Event of Default shall occur under the terms of the Narragansett Bay Commission Trust Indenture, such failure or such occurrence shall constitute an Event of Default, without notice or demand of any kind whatsoever.
- 7.2. Failure of the Borrower to observe or comply with any other obligation or covenant under this Agreement shall constitute an Event of Default if the same shall continue for a period of thirty days after written notice thereof given to the Borrower by or on behalf of the Bank.
- 7.3. Upon the occurrence and continuation of an Event of Default, the Bank may take any and all action, at law or in equity, as it may deem appropriate to enforce this Agreement and the Revenue Bond. In addition and not in limitation of all other rights which it may from time to time have, including, but not limited to, the rights set forth in Section 4.5 of this Agreement, the Bank may, if an Event of Default under Section 7.1 or Section 7.2 of this Agreement has occurred, to the extent permitted by law, declare all or any portion of the Loan, immediately due and payable, suspend all further construction progress payments and exercise its rights under Article III hereof.

ARTICLE VIII

The Borrower shall, for as long as is required by applicable law, submit to the Bank, on a timely basis, such reports and other information as the Bank may reasonably require to show that the Borrower is in compliance with all such requirements.

In addition, the Borrower may be required to rebate certain investment profits to the federal government. The Borrower shall review these issues with its bond counsel.

- (ii) The interest on the Borrower Bond is intended to excludable from gross income under Section 103 of the Code. The Borrower will not take any action (or fail to take any action) that would: (1) cause the interest payable on the Borrower Bond to be includable in gross income for Federal income tax purposes under the Code; or (2) cause the Borrower Bond to be a "private activity bond," as defined in Section 141 of the Code.
- 8.4 To the extent permitted by law, so long as the Borrower shall constitute an obligated person with respect to the Bank Bonds within the meaning of S.E.C. Rule 15c2-12 (the "Rule") as in effect from time to time, the Borrower agrees to furnish to the Bank (1) such financial information and operating data with respect to the Borrower at such times and in such forms as the Bank shall reasonably request in order to comply with the provisions of the Rule, (2) when and if available, the Borrower agrees promptly to provide the Bank with its audited financial statements for each fiscal year, and (3) the Borrower agrees to provide or cause to be provided to the Bank, within ten (10) business days after the occurrence thereof, notice of the occurrence of any of the following events with respect to the Borrower Bonds:

3		PRE-FILED DIRECT TESTIMONY
4		OF WILLIAM FAZIOLI
5		
6	Q.	Please state your name and title.
7	A.	My name is William J. Fazioli, Director with Public Financial Management, Inc. (PFM).
8		
9	Q.	Could you please describe your educational and employment background?
10	A.	I hold a Master of Public Administration degree from the Rockefeller College at the University of
11		New York - Albany and two Bachelor of Arts degrees from Rhode Island College. With over 25
12		years of public finance experience, I have served as financial advisor to governmental issuers in
13		Rhode Island and throughout New England. A sample of communities that I have served during
14		my career as a financial advisor include the cities of Newport and Cranston, as well as the
15		Hartford Metropolitan District Commission and the City of New Haven in Connecticut. In
16		addition, I have extensive experience assisting borrowers through the Rhode Island Clean Water
17		Finance Agency State Revolving Fund Program. I have also served in the public sector as City
18		Manager of East Providence, Treasurer for the Town of Charlestown, and Finance Director for
19		the Town of North Providence. Also since 2009 I have served as the Acting Chairman of the East
20		Providence Waterfront Redevelopment Commission.
21		
22	Q.	Can you describe the organization of Public Financial Management (PFM) and the types of
23		services that it provides?
24	A.	Over the past 40 years, PFM has provided independent financial advisory services to public
25		entities. PFM has grown into a national firm with over 500 employees in 32 offices across the
26		United States. For the 17 th consecutive year, PFM has maintained its position as the number one
27		financial advisor in the industry, providing financial advisory services in more than 783
28		transactions for a total par amount in excess of \$74.9 billion in 2015. In terms of wastewater
29		issuers, PFM has been the top ranked financial advisor in this sector for several years as well
30		while representing other large wastewater operators including the Massachusetts Water

Resources Authority and the DC Water and Sewer District.

Q. What is your relationship with the Narragansett Bay Commission (NBC)?

A. PFM was appointed in 2012 to serve as Financial Advisor to the NBC by its Board of Commissioners. I, as well as two of my colleagues at PFM, have experience working with the NBC and we are familiar with NBC's borrowing history and capital needs.

A.

Q. Have you testified previously before the Rhode Island Public Utilities Commission (RIPUC)?

Yes. I have provided testimony in NBC's Docket 4364 and I also provided testimony in support of the NBC's applications for Division approval to enter into long-term debt filed on February 7, 2013, October 11, 2013, August 8, 2014, and May 22, 2015. I have also provided testimony in support of NBC's applications for Division approval to Enter Long-Term Debt and Issue Revenue Bonds to Effectuate the Refunding of two of NBC's Wastewater System Revenue Bond Issues.

A.

Q. What is the purpose of your testimony?

I was asked to provide testimony in support of NBC's application for Division approval to issue long-term debt as part of the planned \$23 million borrowing through the Rhode Island Infrastructure Bank (the "RIIB") formerly known as the Rhode Island Clean Water Finance Agency.

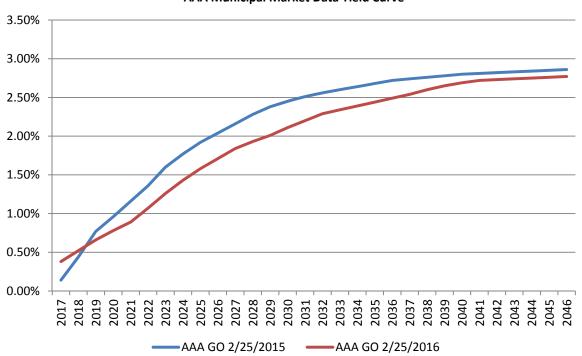

Q. Would you please address the structure and interest rate assumptions of the RIIB borrowing?

The revenue bonds are amortized over 20 years with the final maturity on or about 2037 and will be structured as level debt with the traditional RIIB subsidy of 1/3 of the market rate. On an aggregate basis, it is anticipated that the borrowing will not exceed a market rate of 4.208%, which would result in a projected effective subsidized yield of approximately 2.475% (see Exhibit WJF-1).

Q. Can you provide an update on current market rates, the yield curve, NBC's credit rating and how these factors influence NBC's options?

Current market interest rates remain at near historic lows enabling governmental issuers to borrow at favorable rates. The following chart compares the current AAA Municipal Market Data Index to interest rates from one year ago. Despite the recent increase in short-term rates, long-term market rates remain relatively low and are lower than a year ago.

AAA Municipal Market Data Yield Curve

 A.

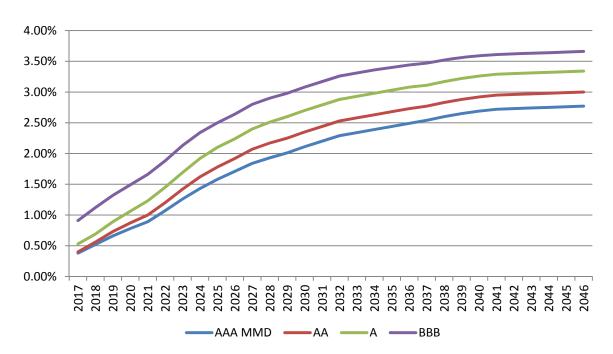

The chart on the following page compares the current Municipal Market Data Index for investment grade credits. Credit spreads remain narrow for high credit quality issuers. The yield curve for an "AA" credit rating ranges from only approximately 2 to 23 basis points higher than an "AAA" credit rating as of February 25, 2016. The value of an "AA-" credit rating is tangible and will result in cost savings for ratepayers compared to a lower quality credit. In addition, the yield curve remains relatively flat in the long term with the spread between 10 and 20 year interest rates at about 22 basis points for an "AA" credit.

Q.

A.

What are the applicable schedules and deadlines for this financing?

The bonds to be issued by RIIB are scheduled to be priced in April 2016. RIIB plans to mail its Preliminary Official Statement to prospective investors approximately one week prior to pricing and prefers that borrower approvals are in place prior to the mailing of the Preliminary Official Statement. Therefore, NBC respectfully requests a decision by the Division prior to April 14, 2016, if possible.

- Q. Does the NBC anticipate the issuance of any other long-term debt this fiscal year?
- 13 A. No.
- 14 Q. Does this conclude your pre-filed testimony?
- 15 A. Yes.
