**Re: The Narragansett Electric Company
V148S 115kV Transmission Line Asset Condition Refurbishment Project
Lincoln and Cumberland, RI**

Dear Mr. Watson:

Pursuant to Section 42-98-8 of the General Laws of the State of Rhode Island (“Energy Facility Siting Act”) and Section 1.6 (f) of the Rules of Practice and Procedure of the Energy Facility Siting Board (“Rules”), I hereby notify you that the Notice of Intent Application for the refurbishment of the V148S 115 kV transmission line, as described in the application filed with the Energy Facility Siting Board (“EFSB”) by the Narragansett Electric Company, is docketed as of April 27, 2022 and assigned Docket Number SB-2022-01. This letter shall constitute written notice of the docketing date.

As required by Rule 1.6 (h), the EFSB will hold a public hearing in Lincoln and in Cumberland. Subsequent to those hearings, the EFSB will determine “whether the project may result in a significant impact on the environment or the public health, safety and welfare,” thereby requiring full EFSB review.

Should you have any questions, please do not hesitate to call me at 401-780-2173.

Sincerely,

A handwritten signature in black ink, appearing to read "ERodvien".

Emma Rodvien
Energy Facility Siting Board Coordinator
