Quarterly Report of EERMC Invoices – 2022 – Quarter 4 (REVISED)**

Dear Ms. Massaro:

On behalf of The Narragansett Electric Company d/b/a Rhode Island Energy (the “Company”), attached please find the REVISED 2022 – quarter 4 report showing Energy Efficiency Resource Management Council (“EERMC”) expenses for work performed by EERMC vendors in connection with the 2022 energy efficiency program year that were paid by the Company between October 1, 2022 and December 15, 2022. This revised version includes an estimated year-end EERMC account balance using estimated amounts to be paid for work performed by EERMC vendors through December 31, 2022.

This report is being filed in accordance with directives issued by the Public Utilities Commission (“PUC”) at an open meeting that occurred on January 25, 2022. Specifically, the PUC directed the Company to file copies of all invoices paid to cover EERMC’s expenses on a quarterly basis by the 15th of April, July, October, and December.

Please note that consistent with the directives issued by the PUC, the Company will also send a copy of this report to each member of the EERMC individually via e-mail.

Thank you for your attention to this filing. If you have any questions or concerns, please do not hesitate to contact me at 401-784-4263.

Sincerely,
