SYSTEM RESOURCE :

INVITATION TO STAFF-LED STAKEHOLDER MEETING

The Rhode Island Public Utilities Commission (PUC) staff will conduct a storage stakeholder technical workshop on **Tuesday, February 21, 2023**. The workshop is part of a series of meetings convened by the PUC to inform its report to the General Assembly regarding energy storage resources.

The workshop is scheduled to start 9:30 AM and run no later than 1 PM on Tuesday, February 21, 2023. The workshop will be convened in Hearing Room A of the Public Utilities Commission office building, located at 89 Jefferson Blvd. in Warwick, RI. The workshop will be open to the public and will be conducted in-person with an option for remote participation. Members of the public can watch the meeting using the following Zoom link:
<https://us02web.zoom.us/j/83369188518>

At this workshop, PUC staff will facilitate a roundtable discussion with stakeholders on their experiences with storage resources in Rhode Island (and in other states or utility programs, where relevant). Stakeholders should come prepared to share perspectives and anecdotes on the following discussion topics: siting; interconnection; quality assurance and quality control; role of customer participants; and rights and responsibilities.

Meeting materials will be uploaded to the Docket No. 5000 webpage at:
